Mitch Faulkner plays acoustic Alternative Country Rock music with a voice that pulls deep from the wellsprings of folk storytellers.

With a wholesome Midwest upbringing, military service, and more life experiences than most his age, Mitch turned to music to bring out the storyteller in him while living close to nature, spending time outdoors and with his loving family. There are tales to be told of the risks and rewards of living life to its fullest, and the plot twists that can happen.

Mitch is influenced by artists like Tyler Childers and Jason Isbel who can narrate a storyline with a touch of that outlaw testimonial-style delivery. Raw emotion and a good plot can make a song grab you and pull you out of your ordinary day-to-day life.

PLAYING ORIGINALS AND COVERS BY: TYLER CHILDERS, THE WHO, STEVE EARL, LIL JOHN, BAND OF HEATHENS, CHRIS KNIGHT, JASON ISBELL, CHARLIE DANIELS BAND, ERIC CHURCH, BLAKE SHELTON, WHISKEY MYERS, LUNA AND THE MOUNTAIN JETS, LUKE COMBS, LITTLE BIG TOWN AND MORE
